

Monday 12<sup>th</sup> November 2018

Dear Parent/carer

As part of our CIAG programme we will be giving students the opportunity to participate in a construction live event, run in partnership with Balfour Beatty. The event will be focussing on technology and how it is used within the construction sector.

Our students will have the opportunity to meet graduates who will be sharing their stories and participate in a question and answer session involving a live and virtual audience.

There is a wide range of employment opportunities within the construction industry. For example: civil engineering, IT infrastructure, HR, logistics etc. This is an opportunity for our students to find out more about this sector. We currently have 4 ex-students who are working for Balfour Beatty on degree sponsored apprenticeships and hope to have many more in the future.

The event will take place on Wednesday 14<sup>th</sup> November 2018 at Hulme Hall, University of Manchester. We will be leaving the UTC at approximately 9am and hope to return to the UTC by 12.30pm. Travel will be by coach and there is no cost for attending the event.

Students are required to wear their normal UTC attire and our no smoking policy remains in place.

If you require any further information please do not hesitate to contact us.

Yours faithfully

C Wignall  
Careers lead
